

PIYUSH GROUP

From architecture to infrastructure

About Us

Piyush Group of Companies, initiated in 1986, is one of the fastest growing venture exploring and expediting leaps and bounds in various domains including infrastructures for water conservation and distribution, terrestrial transport infrastructure, earthwork of railways, barrages, dams, canals, etc. With experienced, visionary and cohesive team leadership of Chairman and Managing Director Mr. Pralhad Panhale, Piyush Group is making its own way through ever demanding construction business segment.

Piyush Enterprises laid the first pavement block of Piyush Group. It was started as a registered partnership firm which has expanded significantly and Piyush enterprises is now Piyush Infratech Pvt.Ltd.

The Piyush Group

Piyush Group comprises of sister ventures complimenting each other perfectly to yield excellent outcomes in construction business. Following are companies under Piyush Group-

- **Piyush Infratech Pvt. Ltd.**
- **Piyush Structural Engineers Pvt. Ltd.**
- **Piyush Realtor Pvt. Ltd.**
- **Piyush Construction & Infrastructure Pvt. Ltd.**

Mr. Pralhad Panhale

Chairman and Managing Director
Piyush Group of Companies

Founder, Ambitious, Visionary Chairman & Managing Director of Piyush Group of Companies. He is a Electrical Engineering graduate from renowned Government College of Engineering, Aurangabad (MH) INDIA. After graduating in year 1982, he started his career by securing a job in Maharashtra State Electricity Board . Leaving job profile after few months he started taking up small sized civil contracts in Aurangabad region and acquired vast experience of civil projects during this tenure.

In 1994, he ventured Piyush Enterprises, a partnership firm. When Piyush enterprises started working on irrigation projects, very few companies were working in Marathawada region in this sector of construction industry. So, even with very less available experienced resources, he was able to achieve targets of successfully completing the projects in hand and keep his commitments.

With good rapport of project accomplishment in Irrigation & Water Resources Department of Maharashtra state, he gradually moved to well sized projects including pump houses, barrages, earthen dams, bridges , Canals, Railway over bridges & Railway lines. He has achieved a bench mark by accomplishing on 25% of barrages built on major and very important river Godavari in Maharashtra, 3 out of 12 and 2 more are in progress out of which one is on Godavari River and other is on Mahanadi River in Chhattisgarh.

Considering Construction project requirements, he also initiated another venture Piyush Structural Engineers Private Limited which deals exclusively with mechanical and fabrication work complementing projects undertaken by Piyush group.

On the other hand, real estate acquiring and trading is another area of his keen interest, he initiated Piyush Realtor Private Limited company for the same. While working on Irrigation and Water Resources Department projects, he had also been involved in acquiring land and selling it.

With excellent project management and cost planning abilities aided with good liasoning skills, he has evolved from a small sized project construction firm to a reputed brand in construction industry. He is now being ably supported by his well educated son Mr. Piyush Panhale who has completed his M.S from USA in Construction Management.

With the excellent vision of Mr. Pralhad Panhale & youth ideas of Mr. Piyush Panhale now the Piyush Group of Companies is eyeing towards exponential growth in future and creating benchmark in Construction industry.

Mr. Piyush Panhale

Executive Director

Piyush Group of Companies

Highly educated, enthusiastic, techno savvy and matured second generation leadership for Piyush Group of companies. After completing graduation in Mechanical Engineering from renowned Pune University, he proceeded to Detroit MI, USA for higher studies in Civil Engineering with Construction Management as opted area of expertise, in that, he has gathered knowledge base of various important aspects in construction industry like financial reporting and analysis for projects, integrated construction project management, facilities management, etc.

While undergoing education, he was closely associated with Piyush group activities and have assisted his father Mr. Pralhad Panhale, Chairman and Managing Director of Piyush group in number of major and minor projects. Besides this, he has his expertise in developing well planned Project Schedules for execution and monitoring them closely till their completion.

Being educated in Mechanical Engineering as well as Civil Engineering which are complimentary industries in themselves, he has knowledge base of both the engineering disciplines to devise the required footsteps for successful project accomplishment. Automating construction business using cutting edge tools and apparatus is his another area of expertise which benefits Piyush group to finish projects within time limits with confirming benchmark quality standards.

After completion of M.S. he did internship in Wayne State University as Project Manager in Facilities Planning & Management department; in that he handled various ongoing projects and he was recognized for his outstanding contribution in his department.

Under the mentorship of Senior Director Mr. Michael Colburn he took the detailed knowledge of project planning, execution and Completion in given deadlines.

As an Executive Director of Piyush Group, he is shouldering and responsible for the overall management of ongoing projects and completing them in stipulated time. His keen attitude while executing a project always motivates team to maintain quality and workflow while achieving desire goals in stipulated time.

Apart from this, he has his interest in photography and loves to spend spare time in traveling, has roamed around the world with same passion.

Piyush Infratech Pvt. Ltd.

This group company has expanded the activities and goals initially taken up by Piyush Enterprises. It can be said that Piyush Enterprises has been transformed to Piyush Infratech Private Limited. It has started with small sized projects related with infrastructures like earthen dams, K T weirs and LMI projects. Good accomplishment and timely delivery earned it a good rapport of project completion amongst its clients. So, it was well set to undertake well sized projects including barrages, bridges, Railway Over Bridges, Lift Irrigation Schemes etc. Piyush Infratech continued its positive approach and deliver project with superior quality and commitment.

Godavari river is one of the major river flowing through Maharashtra, it has 13 water barrages in total, remarkably 3 out of them have been accomplished successfully and 4 th is in completion stage by Piyush group, totaling 6,00,000 cubic meters of concrete work. Now, company has undertaken a major project in Chhattisgarh state which has around 5,50,000 cubic meter concrete, which alone is almost equivalent to 4 projects done on Godavari river.

This reflects ever progressive leap stepping of the company, expanding bounds and reach every moment. Currently, following are major work areas for company –

- ◆ Construction of dams / storage tanks
- ◆ Construction of Barrages.
- ◆ Construction of Roads & Bridges.
- ◆ Railway Over Bridges, Earthwork of Railway BG lines.
- ◆ Construction of Buildings for various Government Sectors
- ◆ Lift Irrigation Schemes (pump house , canal, distribution system & structures)

Continued.....

Company has majorly undertaken work from state government Water resources department, irrigation department of various states, some of them can be enlisted as-

- ◆ GMIDC (Godavari Marathwada Irrigation Development Corporation).
- ◆ MKVDC (Maharashtra Krishna Valley Development Corporation).
- ◆ Central Railway Department of Govt. of India
- ◆ PWD of Maharashtra
- ◆ Water Resources Department of Chhattisgarh
- ◆ Andra Pradesh Irrigation & C.A.D. Department

Company has acquired 2 wind mills of 1.25 M.W. and supplying electricity to government of Maharashtra since last 8 years. Company plans to expand its projects in wind power, solar power, thermal power & hydro power projects.

Company has expertise in presenting itself successfully for huge infrastructure projects and qualifying for allotment criteria. It has strong pre-qualifying assets in its order book. Up till now, company was majorly working with government infrastructures, now company is also eyeing towards commercial, residential structures and other untamed areas with enormous vision. Nevertheless, growth is inevitable with ever passionate driving force of promoters of company and capable second generation leadership.

Piyush Structural Engineers Pvt. Ltd.

Infrastructure development projects undertaken by Piyush group are ably supported by this group company. Objective of this company includes producing required metal based structures using cutting edge fabrication technologies. Particularly, projects taken by the group related with Dams & barrages etc. needs strong fabrication support in overall infrastructure development life cycle. Need of isolating this division to form a company itself explains its significance. Over the period, this group company will have increasing demands for accomplishments from other group companies. Also, company is eyeing towards scalable fabrication projects in future. Quality and timely procurement of mechanical and fabrication work are strengths of this group company.

8000 ton of fabrication work in the form of mechanical gates has been completed successfully under ongoing barrage projects & now 10,000 ton fabrication in progress.

Piyush Realtor Pvt. Ltd.

In construction industry, land bank carries significant importance. This group company has objective of acquiring land and trading it to earn benefits. It also takes care, that pool of land bank is maintained. This compliments and strengthens other group company activities also. Promoters of company are always cautious about the aspects and goals of company.

Piyush group is well secured in the hands of promoters having a good mix of experienced, matured, visionary first generation leadership and equally potential techno savvy, highly educated & enthusiastic second generation leadership.

Piyush Construction & Infrastructure Pvt. Ltd.

The Pioneers in construction industry are now is service of residential & commercial properties , Piyush Construction & Infrastructure aims to build high quality homes to customers dreaming for one of lifetime dream home or a luxurious office for their business. Piyush Construction & Infrastructures comes with its own land banks which are suitable for the Residential projects & the vision is to provide best quality homes with full amenities & facilities using the advanced construction technique for better life of property.

Dedication and Continuous improvisation is principle behind our growth and we believe delivering the best would be our lifelong priority.

Success Comes With Hard work

Yes ! We experienced it at Piyush Group. We have been appreciated by various awards for our quality work and on time delivery projects.

Technology For Perfection

Every big project of piyush group is welcomed with advanced and High-tech machinery. We believe in making the project successful by using all the best machinery available in Industry.

Work Completed

Every Challenge... An Opportunity

Every big infrastructure is an idea first and to built an idea is a challenge. We constantly proved it bay making every project successful by perfect planing. Timely execution and on time completion of work.

Dams / Storage Tanks

- 1) **Construction Mankarnika Medium Project**
Ex. Engineer, Beed,Irrigation Division Beed
- 2) **Cosntruction of Kasura LMI Project**
Ex Engineer, Jalna,Irrigation Division Jalna
- 3) **Construction of Kemwadi Storage Tank**
Ex. Engineer, Irrigation,Proj. Strg. Div. Omerga
- 4) **Hangarga Nal-Construction of Storage Tank**
Ex. Engineer, Irrigation,Proj. Strg. Div. Omerga
- 5) **Phulabri Medium Project**
Ex. Engineer, M.I.Div.Aurangabad
- 6) **Umachiwadi Storge Tank**
Ex. Engineer, Osmanabad Medium Projects, Osmanabad
- 7) **Wangi Jawla Storge Tank**
Ex. Engineer, OsmanabadMedium Projects Osmanabad
- 8) **Barbada LMI Project**
Ex Engineer, Jalna,Irrigation Division Jalna
- 9) **Raising Hight of Dam at Lower Manar Project- Automatic Gates (Godbole type)**
Ex. Engineer, Nanded,Irrigation Div.
- 10) **Hangarga Tul-Construction of Storage Tank**
Ex. Engineer, Irrigation,Proj. Strg. Div. Omerga
- 11) **Construction of H.S.Tank**
Deputy Chief Engineer,Central Railway Bhusawal

Work Completed

Lift Irrigations schemes

1) **Barshi Lift Irrigation Scheme Stage 1-
Pump House**

Ex. Engineer , Ujjani Canal Division No.7
Solapur

2) **Barshi Lift Irrigation Scheme Stage 2-
Pump House**

Ex. Engineer , Ujjani Canal Division No.7
Solapur

3) **Bembla Main Canal Syphone**

Ex. Engineer Bembla
Canal Division, Yavatmal

4) **Dahigaon LIS Stage II-Canal ,
Structures & Distribution system**

Ex. Enginner
Solapur Irrigation Division, Solapur

Work Completed

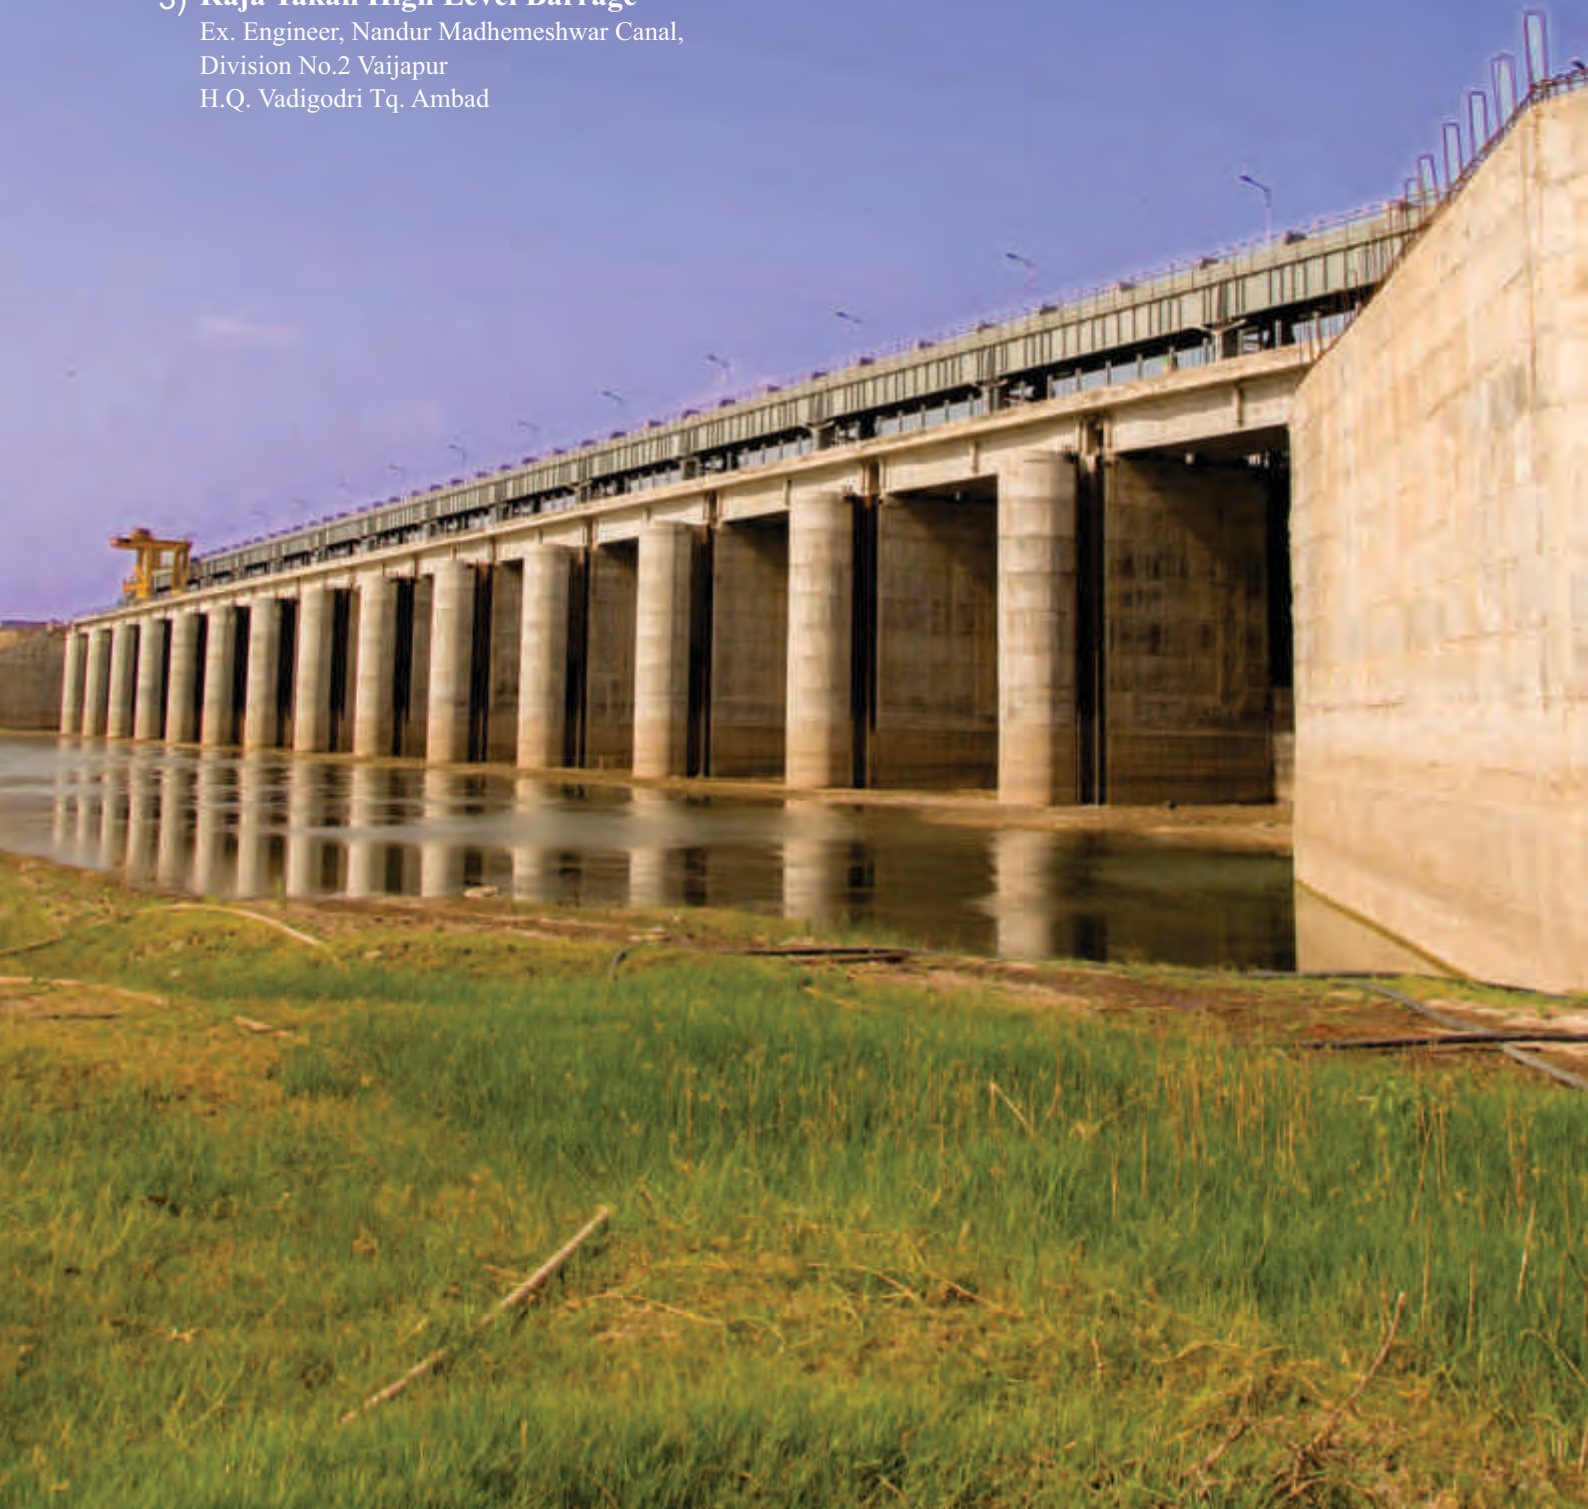

Barrages

1) **Hiradpuri High Level Barrage**
Ex. Engineer, M.I.Div.Aurangabad

2) **Apegaon High Level Barrage**
Ex. Engineer, M.I.Div.,Aurangabad

3) **Raja Takali High Level Barrage**
Ex. Engineer, Nandur Madhemeshwar Canal,
Division No.2 Vaijapur
H.Q. Vadigodri Tq. Ambad

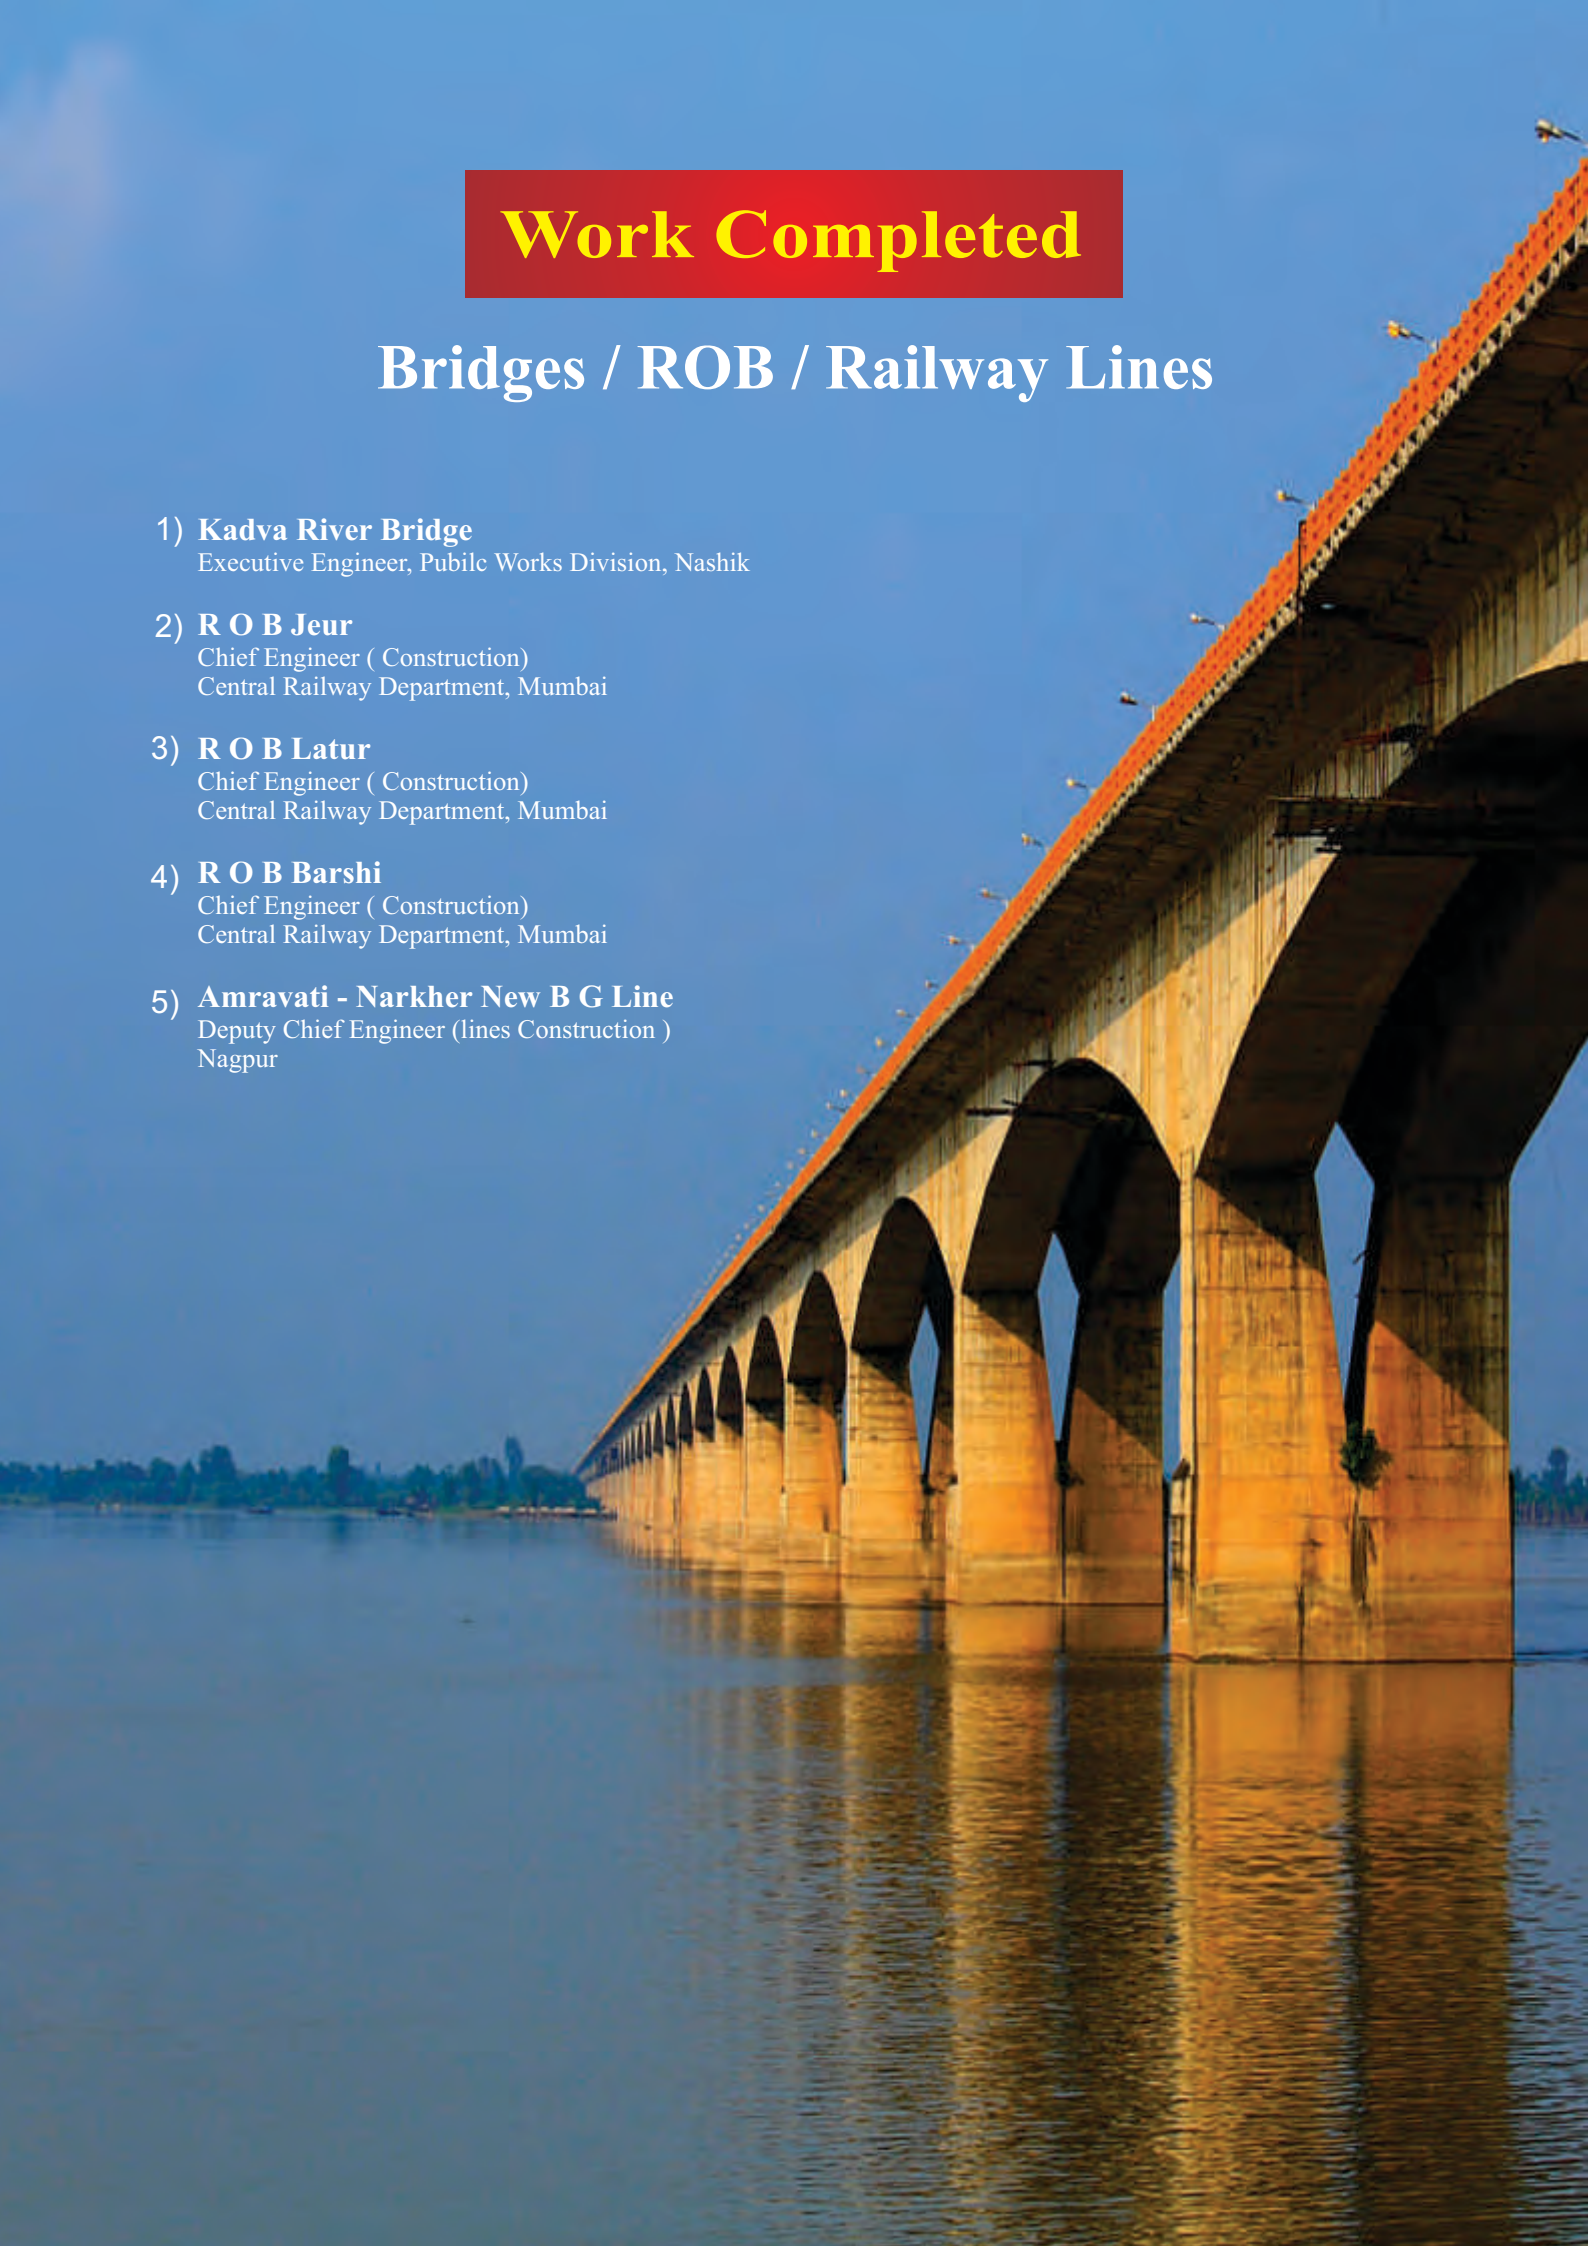

4) **Dholegaon,Mudgal & Muli Barrage-
Electrification work of High level
Barrage gates along with road lights
and supply ,inst. & comissioning of**
Ex. Engineer, M.I.Div. Parbhani

Work Completed

Bridges / ROB / Railway Lines

- 1) **Kadva River Bridge**
Executive Engineer, Public Works Division, Nashik
- 2) **ROB Jeur**
Chief Engineer (Construction)
Central Railway Department, Mumbai
- 3) **ROB Latur**
Chief Engineer (Construction)
Central Railway Department, Mumbai
- 4) **ROB Barshi**
Chief Engineer (Construction)
Central Railway Department, Mumbai
- 5) **Amravati - Narkher New B G Line**
Deputy Chief Engineer (lines Construction)
Nagpur

Work Completed

Building's

- 1) **Construction of Dist.Hospital @Jamner**
Ex. Engineer MHSDP Eng.Div. Jalgaon
- 2) **Construction of Dist.Hospita @ Parbhani**
Ex. Engineer MHSDP Div.Aurnagabad
- 3) **Construction of Dist.Hospital @ Khamgaon**
Ex. Engineer MHSDP Eng.Div. Akola
- 4) **Construction of Staff Quartor type IV**
Ex. Engineer PWD, Latur
- 5) **Cont. of Administrative Building**
Ex. Engineer PWD, Latur
- 6) **Costruction of college building ,Girls hostel and boys hostel of college of agriculter Bio-Technlogy**
Marathwada Krishi Vidyapith ,
Parbhani
- 7) **Counstruction of Court Building**
Ex.Engineer PWD Latur
- 8) **Construction of Dist.Hospital @ Udgir**
Ex. Engineer PWD Div. Nilanga
- 9) **Construction of Dist.Hospital @ Devni**
Ex. Engineer PWD Div. Nilanga

Work Completed

K. T. Weirs

- 1) **Jambud K. T. Weir**
Ex. Engineer Minor,
Irrigation Division No.1
Solapur
- 2) **Pathwala K.T. Weir With Partial
Automatic Gates**
Ex. Engineer,
Jalna Minor Irrigation Div. Jalna
- 3) **Hiradpuri K.T. Weir**
Ex. Engineer, M.I.Div.
Aurangabad

Work In Progress

1) **Dahigaon LIS Stage II-Canal , Structures & Distribution system**

Ex. Enginner,
Solapur Irrigation Division,
Solapur

2) **Mangalwedha Canal CC Lining**

Ex. Engineer ,
Ujjani Canal Division No.9,
Solapur

3) **Raising main-Hiwarda to Ghormala,matha**

Ex. Engineer , L I S Osmanabad

4) **Pranahitha-Chevella Lift Irrigation Scheme-Package No.28- Main Canal Structures & Distribution system**

Government of Andra Pradesh,
Irrigation & C.A.D. Department

5) **Tarugavan High Level Barrage**

Ex. Enginner,
Minor Irrigation Division, Parbhani

6) **Saradih Barrage**

Water Resources Department,
Chhatisgarh

Mission

Shaping Infrastructures With
Confirming Quality Standards And Efficient
Resource Management Along Well Planned Schedule.

Vision

Developing Strong Architectures With
Capable Talent Pool, Leaving No
Benchmarks Untouched In Construction Vertical
